"One fing dat convinces me dat de Lawd am a good Lawd," said Brother Gardner as the meeting opened, "ar' de way He puts up wid human natur'. One has only to put on his hat an' take a walk aroun' de block to convince hisself dat if we had any odder Lawd 'cept de one we've got dar' would be a powerful shakin' up of dis airth ebery day in de week an' twice on Sunday.

"Las' week Pickles Smith went off fishin'. He had no business to reason dat he'd eben git a bite, but he just sot down an' figgered dat he'd bring home six tons of bass an' pickerel. He went an' he fished, an' he bobbed, an' he spit on his bait, an' he cotched one leedle sun-bass about as big as a two-cent piece. He cum home mad as a wet hen, an' de way he took on an' skipped Thursday evenin' prav'r meetin' was awful to h'ar. De fac dat he hasn't been jerked outer his butes an' tied up in fo' bard knots proves how willin' de Lawd ar' to gin human natur' anoder chance.

"A few days ago Trustee Pullback drawed $25 outer de bank—his saving fur de last ten y'ars—an' purchased him a mule. He calkerlated that mule was worf $75, an' dat he had made de biggest kind of a bargain. He slapped hisself on de leg an' chuckled, an' he went to prav'r meetiu' an' sung till he could be heard a mile, but arter fo' days he went out to de ba'n an' found dat mule stone dead. Den what happened? He sulked an' ripped, an' cussed, an' he declar'd dat de Lawd was agin him. De Lawd was all right as long as Pickle was makin' $50, but all wrong when he was losin' $25. He am heah to-night an' still alive an' in good health, which ar' proof agin dat de Lawd forgives ninety an' nine times, an' realizes de weakness of human natur!

"I war passin' a saloon de odder day in which war seben or eight drunken men. Drink war makin' beasts of 'em. Drink war takin' bread from de moufs of deir chill'en. Drink war soakin' up deir brains, bluntin' deir manhood an' dullin' ebery sentiment of goodness in deir hearts. If I had been de Lawd I should hev brung about an exploshun to lift dat hull bizness sky-high, an' to hev sent de saloon keeper about a mile higher dan anybody else, but dat saloon am dar' yit, an' de same crowd kin be found dar any day, an' dat's proof of sich forbearance an' liberality as we kin skeercely comprehend.

"If I should sot out to be an infidel I should stop short as I looked at the sun an' moon, at de mountains an' valleys, at de brooks an' forest, each one a proof of de power of an infinite bein'. If I should sot out to deny de Lawd, I wouldn't hev to go a block to find plenty of proofs dat He not only exists an' rules an' am present wid us, but dat His gentleness an' forgivin' disposishun ar' all dat stands between us an' sich a rattlin' of dry bones as would keep de ha'r on eand from Sunday mawnin' to Saturday night."—*Free Press.*

EXCURSION WRECK.

An Excursion Train With Grand Army Men and Their Families on Board, is Wrecked.

ST. LOUIS, Sept. 30.—At 10 o'clock this morning the Missouri Pacific excursion train was wrecked at Valley Park station, one mile from this city. The train was loaded with Grand Army men and their families and the excursionists who had been in the city to see the trades pageant, left the Union depot at 11 o'clock p. m. closely followed by the second section. At Valley Park the first train was delayed and through a misunderstanding of the signals it is claimed no sign was on the rear of the first section.

The second section came crashing into the rear of the chair cars at a high rate of speed, demolishing two chair cars, which at once caught fire and were consumed. The engineer and fireman of the second section were seriously and probably fatally injured. The passengers were badly shaken up and many slightly injured, but late reports say there were no fatalities.

POLICE COURT.

The Roll Call Shows a Nice Catch of Penniless Topers.

His honor, Mayor Muhler, and the prosecutor, Mr. Dawson, surveyed the crowd at police court and a blank expression perched on their faces. There was no money in the party, but the roll call proceeded and was as follows:

Annie Hodge, drunk, Gusching.
Andy Koontz, drunk, Patton.
Thomas Deving, drunk, Sheridan.
James Wilson, drunk, Lee.
Warren Neff, drunk, Franke.
Lee Burk, drunk, Humbrecht.
Luther Barmine, drunk, —— ——
Charles Robins, drunk, ——
John Smith, gambling, D. Meyer.
Charles Davidson, gambling, D. Meyer.

Annie Hodge is a high stepper from Portland. She came here to "celebrate" as she put it, and was gloriously drunk when Officer Gusching gathered her in. Her husband tagged along after and is now sitting on the jail steps singing to his better half, if some one has not driven him away.

Smith and Davidson paid fines for operating a shell game at the fair grounds, while the other offenders went to jail, a sorry-looking crowd.

ON HIS TOUR.

The Presidential Train Left For St. Louis This Morning--The Scene at the Starting.

WASHINGTON, Sept. 30.—About fifty persons gathered in front of the white house this morning to witness the president and Mrs. Cleveland's departure on their western trip. The weather, which has been rainy and disagreeable for the past three days, cleared off just in time time to verify the proverbial good luck of the president. The president, Mrs. Cleveland, Mrs. Folsome and Mrs. Cleveland's maid were driven to the railroad station. The president wore his usual black suit, while Mrs. Cleveland was dressed in brown silk bodice, with white sprigs and bonnet to match. The train looked very handsome and through it could be seen baskets of roses and other cut flowers. Marshal Wilson, Secretary Fairchild, Colonel and Mrs. Lamont with their two children arrived and went immediately to the train. Secretaries Whitney and Endicott preceeded the presidential party. Dr. Brant and Mr. Bissel had also arrived; Secretary and Miss Bayard hurried up and boarded the train with the president and Mrs. Cleveland. The members of the cabinet, Mrs. Folsome and Miss Bayard said farewell, and at 10 o'clock the train moved off on its journey.

He will make no stops at Pittsburg or any other place before Indianapolis is reached. The idea is to give about three hours to Indianapolis and then speed on to St. Louis. A stop of twenty minutes has been arranged at Terre Haute. The president will reach St. Louis Saturday night and become the guest of the city. Sunday, Monday and Tuesday will be spent there. By the 5th he will reach Chicago and on the 7th he will reach Milwaukee. On the evening of Saturday, the 8th, the party will reach Madison, the home of Postmaster General Vilas, whose guests they will be until the following Wednesday.

AT BALTIMORE.

BALTIMORE, Sept. 20.—The presidential train reached here at 11:10 this morning. About 1,000 persons were at the depot. Half of them were ladies. The president sat near the window and to the request to go on the platform shook his head. At 11:15 the train pulled out.

JOHN H. HILL.

A Pioneer Citizen Passes Peacefully Away Last Evening.

Last evening at 4:30 o'clock occurred the death of Mr. John H. Hill at the home of his son-in-law, Dr. S. C. Metcalfe, at No. 109 West Superior street.

Mr. Hill was seventy-seven years of age and was a pioneer citizen in these parts, having come to Fort Wayne in 1835 as a trader with the Indians. Save a brief interval, when he returned to Detroit, Mr. Hill has been a resident of this city ever since and watched its growth from a trading point to the metropolis of Northern Indiana. He was a native of Plymouth, England, and was of that sturdy character that makes her sons famous.

Mr. Hill served as deputy sheriff at one time and as city commissioner. He leaves two daughters, Mrs. Metcalfe and Mrs. Saunders, well provided for.

His funeral will occur Sunday next, at 2 p. m, from Dr. Metcalfe's home, where Rev. W. N. Webbe will officiate.

Mr. Hill made all his funeral arrangements previous to his death. The pall bearers selected by him are Hon F. P. Randall, Hon. J. B. White, Dr. C. S. Smith, H. H. Bossler, Geo. W. Brackenridge and Dr. John Seaton. Three of the gentlemen named were with Mr. Hill in his last hours.

EAST TO WEST.

An Important and Beneficial Change Made by the Leaders in the Shoe Trade.

Among the boot and shoe dealers of the city there are none who occupy a more prominent place and enjoy a more liberal patronage than the Redlich Bros. It had been their intention, after closing out their stock here, to move to California and engage in other business. This idea, however, they have given up and THE SENTINEL is glad to learn that they will remain permanently in the city.

Their old store room, where for two years they have done business under the name of the Bankrupt Shoe Store, was found too small and inconvenient for their rapidly growing trade. For this reason they closed out there stock there and moved directly across the street to No. 5 Keystone block, where they have elegant and commodious quarters. The selling of the old stock necessitated the buying of a new one. This they did and their new store is now filled with as large and as elegant a stock of goods as there is in the city.

With their new stock of goods and new place of business they have dropped their old name, Bankrupt Shoe store, and are now doing business under the name of Redlich Bros. They are determined to maintain their reputation as leaders, in the city, of the shoe business and they will not be undersold. They are pleasant, courteous gentlemen to deal with and THE SENTINEL would advise its readers to give them a call at their new place of business.

NECESSITY may render a doubtful act innocent, but it cannot make it praiseworthy.—*Joubert.*

Marketing in Honduras.

Queer markets are these. In the shade, on two sides of the plazas, and on the edge of the veranda of the cabildo (or town hall,) squat the dames who sell the various articles of daily use, as they do also under the veranda of the government building and on the shady side of one or two blocks near by. Many have their wares in shallow basket; some have tables on which to display their goods; others array their stock on the side of upturned goods boxes, and there are yet others who have little stalls rented from the authorities. In these, on shelves and short boards that answer as a counter, are the stores of cheap stationary, school-books, threads, brass jewelry and the thousand and one things made by men who have more regard for their purses than they have for honesty or honor, for sale to guileless natives of foreign lands. When one buys rice or corn, frijole or cheese, manteca or meat, or anything that is sold by weight, a stone is put into one scale and enough of the commodity sold into the other to balance. In the more pretentious stores regular scales and weights are used; but it does not appear that the native buyers are better satisfied with these than they are with the simpler weights, which have the advantage of serving at once as a guage of the quantity of the goods transferred and of the conscience of the seller.

The meat markets are on the edge of the high and steep bank of the Rio Grande, just below the antique bridge of ten brick arches. In these markets hang the quarters of the bullocks slaughtered under an octagonal roof of tile on the lower bank of the river, at the foot of the paved hill. When a customer appears, she or he points out the part from which a piece is wanted, and the obliging dealer cuts out a chunk of the desired size. This he throws into one scale, and into the other puts the stone or other weight he uses, and receives his pay for the meat—if he does not instead receive a very plain and decided criticism of his honesty and liberality, or utter lack of both.—*Good House Keeping.*

FRUIT HOUSE.

A BOLD HUNTER!

Braves the Storms and Seeks for News Among the Busy Haunts of the City

George Fry, of the Pittsburg freight house, is on the sick list.

A large number of the St. Louis excursionists returned last night on the Wabash.

The Olds wheel works shut down at noon yesterday and gave their employees a half day at the fair.

Quite a number of the men in the shops quit work at noon yesterday in order to attend the fair.

John Fording, a conductor on the Wabash railroad, is off duty this week on account of a sore hand.

A new passenger engine, No. 1556, has been completed at the Wabash shops and gone into service on the road.

George Quidor, of Huntington, a engineer on the Wabash road, was in the city yesterday taking in the big fair.

James C. Hewes, the foreman at the Pittsburg works, is still detained from duty on account of a severe case of rheumatism.

A. K. Work, of Cleveland, Ohio, an engineer on the Nickel Plate, is in the city visiting friends. Mr. Work formerly lived here

Thos. Bizeminski, of the Bass works, who has been at Cleveland attending the wedding of his daughter, returned from that city yesterday.

The advertising car of the Forepaugh circus arrived in the city last night and attracted a great deal of attention at the Wabash depot this morning.

William Kirkum, who for some time past has been employed at the Muncie and Kokomo gas fields, has taken a position at the Pennington works.

William Borner, the western freight agent of the Pittsburg road, arrived in the city yesterday and left this morning for Pittsburg on a special car.

Al. Plum, a fireman on the Wabash railroad, who has been at the Peru hospital for some time under medical treatment has returned to work again.

Reports received here state that there is a great baggage blockade at the depots in St. Louis. At the Wabash depot there are 20,000 pieces of baggage.

The Bass works are casting a sixteen foot wheel, weighing twelve tons, for a Coryless engine. It is to be sent to a manufacturing establishment away from the city.

Charley Taylor, the genial machinist at the Bass works, was off yesterday and this morning he gave a glowing discription of the sights he saw at the great Inter State fair.

Frank Keely, who for some time past has been clerking in the office of Robert Harrison, the foreman of the Pittsburg car shops, has been transferred to shop clerk in Joe Megan's office.

The shop clerks in the Pittsburg works have been busily engaged for the last few days in making out their monthly reports, and this morning they were sent into Shop Clerk Meegan's office.

All the railroads report the passenger traffic immeasurably heavier during the Grand Army encampment at St. Louis, the last few days, than ever before. The veterans turned out "a million soldiers strong."

It is reported that the Chicago, Burlington and Northern railroad has withdrawn from the Northwestern railway freight bureau. This means more rate cutting and fiercer competition than heretofore.

J. M. Gill, a former conductor and trainmaster on the Wabash railway, for some time the superintendent of Chicago, Vincennes and Cincinnati railway, has retired from railroading, and is now engaging in the grocery business at Mt. Carmel, Ill.

About one-half of the employes in the car and boiler departments of the Pittsburg shops got off yesterday afternoon to attend the fair. The machinists were not so fortunate, and Foreman B. Fitzpatrick did not grant any leaves of absence, as business was too urging and rushing in his department.

RADICAL BLUNDERS.

The Democrats Find a Letter for Edwin Evans that was Lost for Fourteen Years.

Every now and then the republican press breaks out in a rage about some imaginary error of the "democratic mail service," as they style it.

THE SENTINEL has a sample of "republican mail service" that by general consent will be awarded a premium.

Mr. Edwin Evans, the railroad builder, who resides at No. —— West Wayne street and, by the way is a staunch republican, this forenoon received a letter dated Toledo, Ohio, Nov. 12. 1873, just 13 years, 10 months and 19 days ago. The letter has all this time been in transit and shows the signs of wear. It went the rounds of successive republican administrations to be finally landed at its destination by the democratic servants of Uncle Sam.

If any one can mention as hoary-headed a testimonial to the republican mail service, THE SENTINEL would like them to trot it out.

THE FAIR.

The Bright Skies of Yesterday Spoiled by Rain To day—A Great Program Promised To-morrow.

Yesterday was as perfect as the fair managers could wish it. The ball game between the famous Detroit club and the Fort Wayne "Mets" was the feature of the afternoon and resulted in a score of 24 to 5 in favor of the champions.

The track program consisted of a 2:25 pace, a 2:35 trot and a half mile running race. Each race was contested for the money and the 15,000 spectators enjoyed the sport.

The rain to-day necessitated an abandonment of the racing and base ball program at the fair grounds this afternoon. They will all go over until to-morrow, and if the weather is bright, it will be

THE BIG DAY OF THE FAIR.

The best trotting, pacing and running races are still on the program and if the weather brightens, the people of Fort Wayne can see great sport at the fair grounds to-morrow.

LOCAL ITEMS.

The gas well on the Peltier farm was "shot" yesterday, with the effect of increasing the flow of gas.

Ed. Gilmartin's successor has not yet been appointed as superintendent of the telegraph lines on the Grand Rapids road. Mr. Gilmartin has big pine and cedar timber forests in Michigan and will devote his time to working that industry.

The west-bound Pittsburg accommodation train almost ran into a street car at the south depot last evening. There was a rush on the crossing, and the engineer did not heed the situation until people leaped from the car in a panic. The engineer's name is Jones.

E Follett and E. P. Walter, two mail agents on the Grand Rapids and Indiana railroad, have been notified by the government that their services were no longer needed. The former has been in the service fifteen and the latter eight years. They were republicans and had to go.

FRIDAY, SEPT. 30, 1887.

AN autograph letter of Balzac has just been made public which tells that he once dreamed of great treasure being buried in Corsica, and he set out alone to seek it. Want of funds, however, hampered him, and before he reached Ajaccio he lost faith in his enterprise and decided to return to Paris. But from this incident Dumas derived the inspiration of "Monte Cristo."

ONE of the amenities of debate in the British House of Commons, for which that body has lately become notorious, occurred in a passage at arms between Mr. Goschen, Chancellor of the Exchequer, and Sir William Vernon Harcourt. The latter, addressing the former in a speech teeming with bitter personalities, said: "You have gone from this bench a deserter. We shall take care that you do not return to it a spy."

SCOTSMEN in New Year show a bit of purple at the coat lapel. This is the thistle blossom that has been showing itself in the fields and by the wayside for several days. Just now the Fairmont Park specimen shows a little ball of green with a parcel of pickles, and at the top of the ball a little tuft of purple. Tear open the ball and you have a head of thistle cotton. A month hence this cotton will show white, and will be blown wherever the winds shall go.

A SALOON-KEEPER named Keeley, who had been unable to make a living in San Francisco, lately went to live on a farm owned by his wife in El Dorado County, where her mother, Mrs. Dart, died a few years ago. The old lady was supposed to be rich, but no money could be found at the time of her death. In order to make the house habitable the Keeleys had to pull down the chimney, and there, imbedded in the masonry, was found a box containing $28,000 in gold coin.

COUNT VON MOLTKE lately expressed his belief that "Volapuk," the universal language, has a great future before it, and it has been learned and is being studied by an enormous number of persons on the Continent. Last winter more than two thousand pupils received instruction in the language in Vienna alone. It is claimed that "Volapuk" is so simple that it can be learned in ten lessons. There is now published at Vienna a "Volapukagased," which claims to have a large circulation.

UPON the belfry of the Kauthaus, in Coblentz, there is the head of a giant, bearded and helmeted with brass. The giant's head is known as "The Man in the Custom House," and whenever a countryman meets a citizen of Coblentz away from that place, instead of saying "How are all our friends in Coblentz?" he asks: "How is the man in the custom house?" At every stroke of the bell which sounds the hours upon the clock the mouth of the giant opens and shuts with great force, as if it were trying to say in the words of Longfellow: "Time was—Time is—Time is past."

CHINA'S largest opium den is located in the French Concession in Shanghai, and is called the Nan-gin-tsin. The interior of the building is finished without regard to expense, and there are rooms for 150 smokers at a time, and these during smoking hours, which are from early morning till midnight, are constantly occupied. A smoke costs from 4d to 7d, and the receipts of the den are about $1,000 a day. It will be remembered that China, being heathen, sought to banish opium smoking from the country, but Christian England wanted a market for opium, and with guns and bayonets, powder and ball, forced China to open her ports and let in the death-dealing drug.

DR. PARRACHIA has made a curious study of the differences between criminals and law-abiding citizens as exhibited by their walk. He has not only shown how we may distinguish criminals in general, but has laid the beginning of the differential diagnosis between various evil-doers. He found that in criminals in general (obtained from the study of forty criminals) the left pace was longer than the right, the lateral deviation of the right foot was greater than that of the left, and the angle formed by the axis of the foot with the straight line was greater on the left side than on the right. It would thus seem that, in general, the gait of a criminal betrays a marked preponderance of power of the left foot over the right—a true sinistrality. This also agrees with the discovery of Marro that criminals are often left-handed.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Illogical Punctuation.

Coming back to the question of punctuation, I, for one, would be pleased to see the old custom of placing a full point or any point after abbreviated words, and Roman capitals in certain cases given up, once and for always. What is the logic of it? What is the object of it? Anybody who knows anything knows that Messrs, Co, Esq, Eng, Hon, Bros, etc., are abbreviations just as well as he knows two and two make four. It may lend dignity to a Latin inscription or serve as ornament to an epitaph, or what not, printed or carved in severity of style; but in good, plain, everyday type art, it is about as logical as it would be to sing our psalms with nasal twang because our daddies did. N. B.—I put a full point after the contraction of my name Philos into Phil, for the simple reason that if I didn't the compositor would, and I don't want him to think that I'm not a man of the period.

We often make merry over the English fashion of sticking a comma after a street number, this way: 100, Fulton street, but it is quite as logical as setting one, as we often do, after a man's name when his residence or birthplace is connected with it by the preposition of, as for example, "John Doe, of New York." Nobody thinks of setting a comma after Gutenberg's name in that way. We write "John Gutenberg of Mentz." and the compositor follows copy; or "John Randolph of Roanoke;" but why we give a comma to "Mr. Smith, of Boston," or "Mr. Brown, of Philadelphia," is more than I can find out. —*American Bookmaker.*

To Marry or Not To Marry.

The expensiveness of feminine dress, habits, and fancies is the text of many complaints. The bachelor's outgo, it is alleged, is not halved, but trebled or quadrupled "on assuming the conjugal noose." Careers, it is claimed, are spoiled by premature marriage, and one writer has the hardihood to affirm it to be "a matter of fact that the greatest men who have lived were childless and wifeless men." This is explained by the distractions of housekeeping and "the infinite task of laboring to satisfy wives brought up with the idea that economy is meaness." The disposition to convert homes into costly museums of old china bric-a-brac, useless furniture, unappreciated books, etc., instead of studying to simplify and minimize the requirements of daily living, is another vice charged upon the modern woman. "She makes nothing and wants everything," one complaint puts it. "Living costs too much," says another, summing up a thousand objections in one. It may be observed, however, in regard to much of this faultfinding, that it proceeds upon a narrow view of life and its objects. A pretty effective reply to all is the contribution made to the discussion by a young lady who says: "One has only to look around him to see that the married men are the most regular, temperate, law-abiding, and prosperous.—*Baltimore Sun.*

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,—easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is no intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—P. M. JANNEY, Minneapolis, Minn.

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. JAS. M. ROLLINS, Pastor M. E. Church, Fairfield, Va.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper and faithfully carried out for many years.

A MADMAN AT THE THROTTLE.

The Engineer of a Wabash Train Suddenly Shows Signs of Insanity at His Post.

DES MOINES, Sept. 30.—Tuesday evening Engineer Botsworth, of the Wabash south-bound train, gave the final touches to his engine and pulled out just as usual. At Harvey water tank he pulled past several lengths. The fireman mounted the tank and called to him to back, but he pulled farther ahead. The fireman returned to the cab, and seeing that the engineer was dazed, himself backed down. For several stations the engineer would pull past the platform, and he would give a vacant smile when the fireman objected. Convinced at last that the engineer was drunk, the fireman at Knoxville junction grasped the lever and saved the train from going through the switch. The conductor remonstrated with the engineer, who responded, "All right." The train was now late and the engineer put on all steam. Having passed Beacon he gave a yell and started to spring from the cab window. The watchful fireman caught him by the legs, and while he balanced him on the window ledge, he managed with his foot to stop the train. The conductor then helped him back to the baggage car, where he was carefully guarded to Ottumwa, and there turned over to the authorities. He was brought home to-day, and did not recognize his wife. It is believed to be paralysis of the brain that ails him.

The World's Championship.

DETROIT, Mich., Sept. 30.—The following is the schedule of the world's championship games to be played between the Detroit league and the St. Louis Association clubs: At St. Louis, Oct. 10; at Chicago, 11; at Detroit, 12; at Pittsburg, 13; at New York, 14; at Brooklyn, 15; at Philadelphia, 17; at Boston, 18; at Staten Island or Athletic grounds, Philadelphia, 19; at Baltimore, 20; at Washington, 21; at Brooklyn, 22; at Cincinnati, 23; at Louisville, 24. If the result be a tie, the deciding game will be played at St. Louis.

Miami Indians' Claims.

Special to the Indianapolis News.

WASHINGTON, Sept. 27.—The Miama Indians have been as badly treated as the rest of the "red devils," and hence have a claim against the government which congress will be asked to allow. Under various treaties with this once powerful tribe the government acquired large tracts of the best land in Indiana—about 500,000 acres—and in return they were to get some land in severalty—about 70,000 acres—and $231,000 in money. Well, they got it, but, in addition, the government kindly included among the favored few who were to be paid the money 119 persons who, the Indians, claimed were not Miami Indians. It is the money paid to these persons, some $48,000 that the Indians want congress to allow them. It transpires that the Indians, in their endeavors to get their own, have paid large amounts for "legal services," the total sum being $20,754. They also want congress to repay this money.

Fires.

HUNTINGTON, Ind., Sept. 28.—The saw mill of Samuel Hinkle at Markle, this county, burned last night. Loss about $2,500; insurance and cause of fire unknown.

$5,000 For an Arm.

HUNTINGTON, Ind., Sept. 30.—John Hurley, of this city, who lost an arm about a year ago while braking on the Chicago and Atlantic railway, was yesterday allowed $5,000 damages in the Whitley county court.

Calling the Boy to Tea.

She came to the door, and in the blandest of tones called "Sammy," but there was no answer. She waited a bit and then she raised her voice a little and "Sam-mee" floated out on the air in that peculiar intonation, the long-drawn rise on the first syllable and the lingering decadence on the last that only a woman can give, and to which the average man could no more attain than he could button his boots with a hairpin. She leaned out by the corner of the house and listened. She could hear the boys down at the brook screaming and chattering, but they took no notice of her calls. She was a little riled. She gathered herself up for a mighty effort, and once more that "Sam-mee" rose and fell through the deepening twilight like the wail of a banchee. Then she snapped out, "You'll see what you'll git when you do git here, young man," but the young man was busily covering a thin place in the ice with snow so the other boy would go in and wet his feet when he stepped on it. He couldn't indulge in speculations as to what he would get in the dim future; he was getting too much fun now.

She was mad, and she sung out "if you ain't up here in one minute, sir, I'll be down there after you." The other boy looked a little uneasy and wanted to know if Sammy hadn't better go up, to which Sammy returned: "Naw, d'ye 'spose she'll wet her feet comin' out here in this snow? Jes' see me plug that icicle over." The figure at the door stood irresolute, but she had on her best slippers. She tried a warning: "Supper's ready, sir, and then the door slammed and peace brooded over the scene. "Jest tell me if you see father's hat around the corner," said Sam to the other boy, while both redoubled their efforts at molding snowballs. In about three minutes the hat appeared, and directly after a man stepped on the door stone and said, "Sam—supper," and before the words had fairly left his lips Sam was standing on his head in his eagerness to get "up 't the house" before the door could close, and a gray-headed man walking along the street wiped a tear out of the corner of his eye, and said he hadn't had such a glimpse back at his own boyhood for a year.—*Lewiston Journal.*

If the food is not properly digested it becomes corrupt, and poisons the system it is intended to nourish. This is indigestion

"My wife has suffered for many years with indigestion. After trying everything else recommended, she tried Simmons Liver Regulator. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."

The Pittsburg & Fort Wayne railroad company are materially lowering their track at Summit Switch two miles west of Plymouth. Phil. Keintz, leader of the City band, goes to Chicago to the great military encampment Tuesday next. Mr. Keintz used to live in Chicago and would like to take his band up their to surprise his comrades. It may be recorded here that Mrs. Keintz celebrated the 50th anniversary of her birth yesterday. "One fing dat convinces me dat de Lawd am a good Lawd," said Brother Gardner at the meeting opened, "an' de way He puts up wid human nature. One has only to put on his hat an' take a walk aroun' de block to convince himself dat if we had any odder Lawd 'cept de one we've got dar would be a powerful shakin' up of dis airth every day in de week an' twice on Sunday.

"Las' week Pickles Smith went off fishin'. He had no business to reason dat he'd eben git a bite, but he just sot down an' figgered dat he'd bring home six tons of bass an' pickerel. He went an' he fished, an' he bobbed, an' he spit on his bait, an' he cotched one leedle sun-base about as big as a two-cent piece. He cum home mad as a wet hen, an' de way he took on an' skipped Thursday evenin' prar'r meetin' was awful to hear. De fac dat he hasn't been jerked outer his butes an' tied up in fo' hard knots proves how willin' de Lawd ar' to gin human natur' another chance.

"A few days ago Trustee Pullback drawed $25 outer de bank—his saving fur de last ten y'ars—an' purchased him a mule. He calkerlated that mule was worf $75, an' dat he had made de biggest kind of a bargain. He slapped himself on de leg an' chuckled, an' he went to prar'r meetin' an' sung till he could be heard a mile, but arter fo' days he went out to de bahn an' found dat mule stone dead. Den what happened? He sulked an' rippled, an' cussed, an' he declar'd dat de Lawd was agin him. De Lawd was all right as long as Pickles was makin' $50, but all wrong when he was losin' $25. He am hoein to-night an' still alive an' in good health, which ar' proof agin dat de Lawd forgives ninety an' nine times, an' realizes de weakness of human natur'.

"I war passin' a saloon de odder day in which war seben or eight drunken men. Drink war makin' beasts of 'em. Drink war takin' bread from de mouths of dar chil'en. Drink war soakin' up deir brains, bluntin' deir manhood an' dullin' every sentiment of goodness in deir hearts. If I had been de Lawd I should hev brung about an explosion to lift dat hull bizness sky-high, an' to hev sent de saloon keeper about a mile higher dan anybody else, but dat saloon am dar yit, an' de same crowd kin be found dar any day, an' dat's proof of sich forbearance an' liberality as we kin skeercely comprehend.

"If I should sot out to be an infidel I should stop short as I looked at the sun an' moon, at de mountains an' valleys, at de brooks an' forest, each one a proof of de power of an infinite bein'. If I should sot out to deny de Lawd, I wouldn't hev to go a block to find plenty of proofs dat He not only exists an' rules an' am present with us, but dat His gentleness an' forgivin' disposition ar' all dat stands between us an' such a rattlin' of dry bones as would keep de hab'n on sand from Sunday mawnin' to Saturday night." *Free Press.*

EXCURSION WRECK.

An Excursion Train With Grand Army Men and Their Families on Board, is Wrecked.

ST. LOUIS, Sept. 30.—At 10 o'clock this morning the Missouri Pacific excursion train was wrecked at Valley Park station, one mile from this city. The train was loaded with Grand Army men and their families and the excursionists who had been in the city to see the trades pageant, left the Union depot at 11 o'clock p. m, closely followed by the second section. At Valley Park the first train was delayed and through a misunderstanding of the signals it is claimed no sign was on the rear of the first section.

The second section came crashing into the rear of the chair cars at a high rate of speed, demolishing two chair cars, which at once caught fire and were consumed. The engineer and fireman of the second section were seriously and probably fatally injured. The passengers were badly shaken up and many slightly injured, but late reports say there were no fatalities.

POLICE COURT.

The Roll Call Shows a Nice Catch of Penniless Topers.

His honor, Mayor Muhler, and the prosecutor, Mr. Dawson, surveyed the crowd at police court and a blank expression perched on their faces. There was no money in the party, but the roll call proceeded and was as follows:

Annie Hodge, drunk, Guseling.
Andy Koontz, drunk, Patton.
Thomas Dering, drunk, Sheridan.
James Wilson, drunk, Lee.
Warren Neff, drunk, Franke.
Lee Burk, drunk, Humbrecht.
Luther Harmine, drunk, ——
Charles Robins, drunk, ——
John Smith, gambling, D. Meyer.
Charles Davidson, gambling, D. Meyer.

Annie Hodge is a high stepper from Portland. She came here to "celebrate" as she put it, and was gloriously drunk when Officer Guseling gathered her in. Her husband tagged along after and is now sitting on the jail steps singing to his better half, if some one has not driven him away.

Smith and Davidson paid fines for operating a shell game at the fair grounds, while the other offenders went to jail, a sorry-looking crowd.

ON HIS TOUR.

The Presidential Train Left For St. Louis This Morning—The Scene at the Starting.

WASHINGTON, Sept. 30.—About fifty persons gathered in front of the white house this morning to witness the president and Mrs. Cleveland's departure on their western trip. The weather, which has been rainy and disagreeable for the past three days, cleared off just in time to verify the proverbial good luck of the president. The president, Mrs. Cleveland, Mrs. Folsome and Mrs. Cleveland's maid were driven to the railroad station. The president wore his usual black suit, while Mrs. Cleveland was dressed in brown silk bodice, with white sprigs and bonnet to match. The train looked very handsome and through it could be seen baskets of roses and other cut flowers. Marshal Wilson, Secretary Fairchild, Colocel and Mrs. Lamont with their two children arrived and went immediately to the train. Secretaries Whitney and Endicott preceded the presidential party. Dr. Brant and Mr. Bissel had also arrived; Secretary and Miss Bayard hurried up and boarded the train with the president and Mrs. Cleveland. The members of the cabinet, Mrs. Folsome and Miss Bayard said farewell, and at 10 o'clock the train moved off on its journey.

He will make no stops at Pittsburg or any other place before Indianapolis is reached. The idea is to give about three hours to Indianapolis and then speed on to St. Louis. A stop of twenty minutes has been arranged at Terre Haute. The president will reach St. Louis Saturday night and become the guest of the city. Sunday, Monday and Tuesday will be spent there. By the 5th he will reach Chicago and on the 7th he will reach Milwaukee. On the evening of Saturday, the 8th, the party will reach Madison, the home of Postmaster General Vilas, whose guest they will be until the following Wednesday.

AT BALTIMORE.

BALTIMORE, Sept. 20.—The presidential train reached here at 11:10 this morning. About 1,000 persons were at the depot. Half of them were ladies. The president sat near the window and to the request to go on the platform shook his head. At 11:15 the train pulled out.

JOHN H. HILL.

A Pioneer Citizen Passes Peacefully Away Last Evening.

Last evening at 4:30 o'clock occurred the death of Mr. John H. Hill at the home of his son-in-law, Dr. S. C. Metcalfe, at No. 109 West Superior street.

Mr. Hill was seventy-seven years of age and was a pioneer citizen in these parts, having come to Fort Wayne in 1835 as a trader with the Indians. Save a brief interval, when he returned to Detroit, Mr. Hill has been a resident of this city ever since and watched its growth from a trading point to the metropolis of Northern Indiana. He was a native of Plymouth, England, and was of that sturdy character that makes her sons famous.

Mr. Hill served as deputy sheriff at one time and as city commissioner. He leaves two daughters, Mrs. Metcalfe and Mrs. Saunders, well provided for.

His funeral will occur Sunday next, at 2 p. m., from Dr. Metcalfe's home, where Rev. W. N. Webbe will officiate.

Mr. Hill made all his funeral arrangements previous to his death. The pall bearers selected by him are Hon F. P. Randall, Hon. J. B. White, Dr. C. S. Smith, H. H. Bossler, Geo. W. Brackenridge and Dr. John Seaton. Three of the gentlemen named were with Mr. Hill in his last hours.

EAST TO WEST.

An Important and Beneficial Change Made by the Leaders in the Shoe Trade.

Among the boot and shoe dealers of the city there are none who occupy a more prominent place and enjoy a more liberal patronage than the Redlich Bros. It had been their intention, after closing out their stock here, to move to California and engage in other business. This idea, however, they have given up and THE SENTINEL is glad to learn that they will remain permanently in the city.

Their old store room, where for two years they have done business under the name of the Bankrupt Shoe Store, was found too small and inconvenient for their rapidly growing trade. For this reason they closed out there stock there and moved directly across the street to No. 5 Keystone block, where they have elegant and commodious quarters. The selling of the old stock necessitated the buying of a new one. This they did and their new store is now filled with as large and as elegant a stock of goods as there is in the city.

With their new stock of goods and new place of business they have dropped their old name, Bankrupt Shoe store, and are now doing business under the name of Redlich Bros. They are determined to maintain their reputation as leaders, in the city, of the shoe business and they will not be undersold. They are pleasant, courteous gentlemen to deal with and THE SENTINEL would advise its readers to give them a call at their new place of business.

NECESSITY may render a doubtful act innocent, but it cannot make it praiseworthy. *Joubert.*

Marketing in Honduras.

Queer markets are these. In the shade, on two sides of the plazas, and on the edge of the veranda of the cabildo (or town hall), squat the dames who sell the various articles of daily use, as they do also under the veranda of the government building and on the shady side of one or two blocks nearly. Many have their wares in shallow basket; some have tables on which to display their goods; others array their stock on the side of upturned goods boxes, and there are yet others who have little stalls rented from the authorities. In these, on shelves and short boards that answer as a counter, are the stores of cheap stationary, school-books, threads, brass jewelry and the thousand and one things made by men who have more regard for their purses than they have for honesty or honor, for sale to guileless natives of foreign lands. When one buys rice or corn, frijole or cheese, manteca or meat or anything that is sold by weight, a stone is put into one scale and enough of the commodity sold into the other to balance. In the more pretentious stores regular scales and weights are used; but it does not appear that the native buyers are better satisfied with these than they are with the simpler weights, which have the advantage of serving at once as a guage of the quantity of the goods transferred and of the conscience of the seller.

The meat markets are on the edge of the high and steep bank of the Rio Grande, just below the antique bridge of ten brick arches. In these markets hang the quarters of the bullocks slaughtered under an octagonal roof of tile on the lower bank of the river, at the foot of the paved hill. When a customer appears, she or he points out the part from which a piece is wanted, and the obliging dealer cuts out a chunk of the desired size. This he throws into one scale, and into the other puts the stone or other weight he uses, and receives his pay for the meat—if he does not instead receive a very plain and decided criticism of his honesty and his rating, or utter lack of both.—*Good Hours Keeping.*

PEOPLE'S HOUSE.

A BOLD HUNTER!

Braves the Storms and Seeks for News Among the Busy Haunts of the City

George Fry, of the Pittsburg freight house, is on the sick list.

A large number of the St. Louis excursionists returned last night on the Wabash.

The Olds wheel works shut down at noon yesterday and gave their employees a half day at the fair.

Quite a number of the men in the shops quit work at noon yesterday in order to attend the fair.

John Fording, a conductor on the Wabash railroad, is off duty this week on account of a sore hand.

A new passenger engine, No. 1556, has been completed at the Wabash shops and goes into service on the road.

George Quidor, of Huntington, a engineer on the Wabash road, was in the city yesterday taking in the big fair.

James C. Hewes, the foreman at the Pittsburg works, is still detained from duty on account of a severe case of rheumatism.

A. K. Work, of Cleveland, Ohio, an engineer on the Nickel Plate, is in the city visiting friends. Mr. Work formerly lived here

Thos. Brzezinski, of the Bass works, who has been at Cleveland attending the wedding of his daughter, returned from that city yesterday.

The advertising car of the Forepaugh circus arrived in the city last night and attracted a great deal of attention at the Wabash depot this morning.

William Kirkum, who for some time past has been employed at the Muncie and Kokomo gas fields, has taken a position at the Pennington works.

William Borner, the western freight agent of the Pittsburg road, arrived in the city yesterday and left this morning for Pittsburg on a special car.

Al. Plum, a fireman on the Wabash railroad, who has been at the Peru hospital for some time under medical treatment has returned to work again.

Reports received here state that there is a great baggage blockade at the depots in St. Louis. At the Wabash depot there are 20,000 pieces of baggage.

The Bass works are casting a sixteen foot wheel, weighing twelve tons, for a Corylens engine. It is to be sent to a manufacturing establishment away from the city.

Charley Taylor, the genial machinist at the Bass works, was off yesterday and this morning he gave a glowing discription of the sights he saw at the great Inter State fair.

Frank Keely, who for some time past has been clerking in the office of Robert Harrison, the foreman of the Pittsburg car shops, has been transferred to shop clerk in Joe Megan's office.

The shop clerks in the Pittsburg works have been busily engaged for the last few days in making out their monthly reports, and this morning they were sent into Shop Clerk Meegan's office.

All the railroads report the passenger traffic immeasurably heavier during the Grand Army encampment at St. Louis, the last few days, than ever before. The veterans turned out "a million soldiers strong."

It is reported that the Chicago, Burlington and Northern railroad has withdrawn from the Northwestern railway freight bureau. This means more rate cutting and fiercer competition than heretofore.

J. M. Gill, a former conductor and trainmaster on the Wabash railway, for some time the superintendent of Chicago, Vincennes and Cincinnati railway, has retired from railroading, and is now engaging in the grocery business at Mt. Carmel, Ill.

About one-half of the employes in the car and boiler departments of the Pittsburg shops got off yesterday afternoon to attend the fair. The machinists were not so fortunate, and Foreman B. Fitzpatrick did not grant any leaves of absence, as business was too urging and rushing in his department.

RADICAL BLUNDERS.

The Democrats Find a Letter for Edwin Evans that was Lost for Fourteen Years.

Every now and then the republican press breaks out in a rage about some imaginary error of the "democratic mail service," as they style it.

THE SENTINEL has a sample of "republican mail service" that by general consent will be awarded a premium.

Mr. Edwin Evans, the railroad builder, who resides at No. — West Wayne street and, by the way is a staunch republican, this forenoon received a letter dated Toledo, Ohio, Nov. 12 1873, just 13 years, 10 months and 19 days ago. The letter has all this time been in transit and shows the signs of wear. It went the rounds of successive republican administrations to be finally landed at its destination by the democratic servants of Uncle Sam.

If any one can mention as hoary-headed a testimonial to the republican mail service, THE SENTINEL would like them to trot it out.

THE FAIR.

The Bright Skies of Yesterday Spoiled by Rain To day—A Great Program Promised To morrow.

Yesterday was as perfect as the fair managers could wish it. The ball game between the famous Detroit club and the Fort Wayne "Mets" was the feature of the afternoon and resulted in a score of 24 to 5 in favor of the champions.

The track program consisted of a 2:25 pace, a 2:35 trot and a half mile running race. Each race was contested for the money and the 15,000 spectators enjoyed the sport.

The rain to-day necessitated an abandonment of the racing and base ball program at the fair grounds this afternoon. They will all go over until to-morrow, and if the weather is bright, it will be

THE BIG DAY OF THE FAIR.

The best trotting, pacing and running races are still on the program and if the weather brightens, the people of Fort Wayne can see great sport at the fair grounds to-morrow.

LOCAL ITEMS.

Ed. Gilmartin's successor has not yet been appointed as superintendent of the telegraph lines on the Grand Rapids road. Mr. Gilmartin has big pine and cedar timber forests in Michigan and will devote his time to working that industry.

The west-bound Pittsburg accommodation train almost ran into a street car at the south depot last evening. There was a rush on the crossing, and the engineer did not heed the situation until people leaped from the car in a panic. The engineer's name is Jones.

E. Follett and E. P. Walter, two mail agents on the Grand Rapids and Indiana railroad, have been notified by the government that their services were no longer needed. The former has been in the service fifteen and the latter eight years. They were republicans and had to go.

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,—easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is not intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—P. M. JANNEY, Minneapolis, Minn.

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. JAS. M. HOLLIDAY, Pastor M. E. Church, Fairfield, Va.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in newly adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is available in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhœa, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe, speedy, and sure, and can produce only good results. A MADMAN AT THE THROTTLE.

The Engineer of a Wabash Train Suddenly Shows Signs of Insanity at His Post.

DES MOINES, Sept. 30.—Tuesday evening Engineer Botsworth, of the Wabash south-bound train, gave the final touches to his engine and pulled out just as usual. At Harvey water tank he pulled past several lengths. The fireman mounted the tank and called to him to back, but he pulled farther ahead. The fireman returned to the cab, and seeing that the engineer was dazed, himself backed down. For several stations the engineer would pull past the platform, and he would give a vacant smile when the fireman objected. Convinced at last that the engineer was drunk, the fireman at Knoxville junction grasped the lever and saved the train from going through the switch. The conductor remonstrated with the engineer, who responded, "All right." The train was now late and the engineer put on all steam. Having passed Beacon he gave a yell and started to spring from the cab window. The watchful fireman caught him by the legs, and while he balanced him on the window ledge, he managed with his foot to stop the train. The conductor then helped him back to the baggage car, where he was carefully guarded to Ottumwa, and there turned over to the authorities. He was brought home to-day, and did not recognize his wife. It is believed to be paralysis of the brain that ails him.

The World's Championship.

If the result be a tie, the deciding game will be played at St. Louis.

Miami Indians' Claims.

Special to the Indianapolis News.

WASHINGTON, Sept. 27.—The Miama Indians have been as badly treated as the rest of the "red devils," and hence have a claim against the government which congress will be asked to allow. Under various treaties with this once powerful tribe the government acquired large tracts of the best land in Indiana—about 500,000 acres—and in return they were to get some land in severalty—about 70,000 acres—and $231,000 in money. Well, they got it, but, in addition, the government kindly included among the favored few who were to be paid the money 119 persons who, the Indians, claimed were not Miami Indians. It is the money paid to these persons, some $48,000 that the Indians want congress to allow them. It transpires that the Indians, in their endeavors to get their own, have paid large amounts for "legal services," the total sum being $20,754. They also want congress to repay this money.

Fires.

HUNTINGTON, Ind., Sept. 28.—The saw mill of Samuel Hinkle at Markle, this county, burned last night. Loss about $2,500; insurance and cause of fire unknown.

$5,000 For an Arm.

HUNTINGTON, Ind., Sept. 30.—John Hurley, of this city, who lost an arm about a year ago while braking on the Chicago and Atlantic railway, was yesterday allowed $5,000 damages in the Whitley county court.

Calling the Boy to Tea.

She came to the door, and in the blandest of tones called "Sammy," but there was no answer. She waited a bit and then she raised her voice a little and "Sam-mee" floated out on the air in that peculiar intonation, the long-drawn rise on the first syllable and the lingering decision on the last that only a woman can give, and to which the average man could no more attain than he could button his boots with a hairpin. She leaned out by the corner of the house and listened. She could hear the boys down at the brook a-roaming and chattering, but they took no notice of her calls. She was a little riled. She gathered herself up for a mighty effort, and once more the "Sam-mee" rose and fell through the deepening twilight like the wail of a banshee. Then she snapped out, "You'll see what you'll git when you do get here, young man," but the young man was busily covering a thin place in the ice with snow so the other boy would go in and wet his feet when he stepped on it. He couldn't indulge in speculations as to what he would get in the dim future, he was getting too much fun now.

She was mad, and she sung out "if you ain't up here in one minute, sir, I'll be down there after you." The other boy looked a little uneasy and wanted to know if Sammy hadn't better go up, to which Sammy returned: "Naw, d'ye 'spose she'd wet her feet comin' out here in this snow? Jes' see me plug that hole over." The figure at the door stood irresolute, but she had on her best slippers. She tried a warning. "Supper's ready, sir, and then the door slammed and peace brooded over the scene. "Shet fell no if you see father's hat around the corner," said Sam to the other boy, while both redoubled their efforts at rolling snowballs. In about three minutes the hat appeared, and directly after a man stepped on the door stone and said, "Sammy, supper," and before the words had fairly left his lips Sam was standing on his head in the brook, his eagerness to get "up t' the house" before the door would close, and a quarrelsome man walking along the street waved a tear out of the corner of his eye, and said he hadn't had such a glimpse back at his own boyhood for a year. *Lewiston Journal.*

The Pittsburg & Fort Wayne railroad company are materially lowering their track at Summit Switch two miles west of Plymouth. The grade at that point has always been very heavy, and the object in lowering it, is to get trains over it more rapidly and with greater ease as the company intend making a double track from Plymouth to Grovertown.

Phil. Keintz, leader of the City band, goes to Chicago to the great military encampment Tuesday next. Mr. Keintz used to live in Chicago and would like to take his band up their to surprise his comrades. It may be recorded here that Mrs. Keintz celebrated the 50th anniversary of her birth yesterday. The Wabash railway has been losing freight for some time back at Clymers, Ind. Last Thursday night a car loaded with merchandise, while standing on the side track at Clymers, was entered by thieves and about $100 worth of merchandise taken. Detectives Ballard and Hogan, of the Wabash railway, were notified, and late Saturday night succeeded in arresting the guilty parties, Lewis Forter and Jess Sherman, living two miles south of Clymers, with the stolen goods concealed in their possession. They were taken to Delphi and were bound over in the sum of $1,000 each, and in default were remanded to jail.

Always ahead. Our entire stock of overcoats now on display.

Conductor Michael O'Rourke was one of the best known men in the service of the Grand Rapids road. It will be recalled that, Dec. 4, 1886, he went south on his freight train. At Decatur he stepped between two cars to make a coupling, and while thus engaged another train ran into his, mangling and crushing him to death.

Mrs. O'Rourke, through her attorney, Judge L. M. Ninde, alleges negligence and carelessness on the part of the railroad company and its servants, and she asks the circuit court to award her $10,000 for the great loss she sustained in her husband's death.
